

1st-7th May, 22

A brief update from **Darjeeling Animal Shelter**

- An Animal Birth Control camp was conducted on the 11th of April, 22 at Mungpoo, Darjeeling. An immediate camp was conducted there after a few complaints where the young boys were found abusing dogs. Dr. Mihir and the team intervened and held an ABC camp, which was also more of an awareness generation camp and sensitised the locals in coordination with the local Munsong club there. A total of 27 dogs were spayed and 30 others were vaccinated against rabies
- Dr. Mihir and Ms. Furmit had an appointment with the CMOH (Chief Medical Officer of Health) and Deputy Director from Animal Husbandry, Darjeeling this week for the collection of rabies data
- The following week, the team approached the Municipality Chairman for some catching and Shelter equipment (Tarpaulin sheet, rain boots, dog chains, rubber mats, bleaching powder, rake, sacks . etc) which the local Darjeeling Municipality is helpful with every year
- Besides, the Clinic has been operating every day, treatment of animals has been ongoing and Animal Birth Control Programmes.

- Some of the dogs whose ABCs are done have been released this week
